FINISH & WARRANTY AGREEMENT

FINISH / GLAZE / PAINT AWARENESS AND WARRANTY / DAMAGE PROCESS UNDERSTANDING AGREEMENT

Purpose: to assure a clear understanding regarding finish and glazing expectations and the warranty and damage replacement process and scope.

FINISH / GLAZING / PAINT AWARENESS

Glazing is a hand-applied technique. Slight tonal variations and varied brush strokes should be expected. This is the artistic characteristic of hand brushed glazes. We believe your understanding of your unique finish selection is essential to your appreciation and ultimate satisfaction.

Expansion and contraction often due to the climate is normal and to be expected with natural wood. Painted products especially may exhibit seam lines at the joints. This is not a defect and not a reason for replacement. As the wood ages the color may lighten or darken over time.

By signing below, you are confirming that you understand and consider acceptable the variation in glaze that is inherent in artistic finishes and that any of our doors may slightly expand or contract with the changes in the climate. Long exposure to sunlight or fluorescent lighting will eventually cause any wood to darken. You also agree to not hold RiverRun Cabinetry responsible if the finish and/or glaze characteristic does not meet your or your customer's approval at a later date.

DAMAGE / WARRANTY REPLACEMENT PROGRAM

This program can be found in your RiverRun Cabinetry Sales Binder. Please ask your Sales Representative if you have any questions regarding the content of our Damage/Warranty Replacement Program.

By signing below, you are confirming that you understand and consider acceptable RiverRun Cabinetry's Damage and Warranty Program.

I understand and am held responsible for assuring all in my organization understand the above mentioned programs.

ORDER PROCESS

Section Two

ONLINE ORDER PROCESS

- Login to the online order site <https://orders.riverruncabinetry.com> using the username and password provided to you. (An email containing your username and password will be sent to you once your account has been approved.) Your password can be changed once you have logged in for the first time.

CREATING A QUOTE/ORDER

- To create a quote, first select **Framed** or **Frameless Order**, then go to the **Products tab** and choose a door style. (Door style can be changed at a later time if desired.)
- Begin adding items to your quote.
 - ☐ Find items by selecting a category such as *Walls, Bases, or Talls*. Narrow the results by choosing to view a subcategory (for example Wall subcategories include *12" Deep, 24" Deep, Blind, Corner, etc...*).
 - ☐ Select the measurements, finished sides, modifications, and/or accessories for the desired item.
 - ☐ Specify a quantity and *Add to Quote*. Repeat these steps, adding items to your current quote.
- View, save, or submit (as an order) your quote at any time by going to the **Current Quote tab**.
 - ☐ On the *Current Quote* page, you will be able to view all of the items that have been added to your quote.
 - ☐ To view your costs, select a shipping address and click on *Get Quote*.
 - ☐ To save your quote, select a shipping address, add a quote name, add a designer (if desired), and click on *Save Quote*. If the quote has saved successfully, there will be a small green box that says "Quote Saved," below the *Checkout* button, and you will also be able to see your quote on the *Saved Quotes* page.
 - ☐ To submit your current quote as an order, click on *Checkout*. The site will direct you through the checkout process from there.
- Begin a new quote by choosing *Clear Quote* on the *Current Quote page*. (Make sure your current quote has been saved before clearing the quote.) From there, you can choose to *Modify/Add to Order* or you can go to the *Products* tab to start adding items to the new quote.

ORDERING SAMPLES

- Order samples from the **Samples tab**.

SUBMITTING AN ORDER

- Orders can be submitted from two places, the *Current Quote* page or the *Saved Quotes* page.
 - ☐ From the *Current Quote* page, click on *Checkout*. The site will lead you through the process.
 - ☐ From the *Saved Quotes* page, click *Submit Order* to turn the desired quote into an order. The site will lead you through the checkout process from there.
- Once an order has been submitted, a copy of the sales order will immediately be sent to the account's primary notification email as well as the primary contact for that specific order (if a primary contact email is entered).
- Check for messages regarding your order that will appear both on the checkout screen and on the emailed copy of the sales order. On the Online Order Site, these messages will appear in red boxes. Most are self explanatory. **Please respond to any messages that require an action in order to prevent any delays in processing your order.** See message examples below.

IMPORTANT MESSAGES

- Please be aware of any notifications indicated on your order during the checkout process. These messages may ask you to contact Customer Service, etc... **It is important to pay attention to these.**
- If you have any questions or concerns throughout the process, please be sure to save your order and feel free to contact our Customer Service Department at 540-438-5973 or email: Order@RiverRunCabinetry.com.

SAVED QUOTES TAB

- You can filter saved quotes by designer or view them all at once.
- You can open saved quotes and modify them by adding or deleting items. If you need to change or customize an item that is already on the quote though, you must delete the current item on the quote and add a new item with the desired customizations.
- Be sure to save any changes you make.
- You can also turn quotes into orders here. (You will receive a copy of the sales order by email.)

ACCOUNT TAB

- **Change your primary notification email.**

A copy of each sales order is always sent to the primary notification email. You can change the primary notification email on the *Account* page.

Note: In addition to the primary notification email, designers can add a primary contact (to be associated with individual orders); this can be done at the time of checkout. Sales order confirmations will be sent to both the primary notification email and the primary contact for that order. If a primary contact is specified, Customer Service will send any notifications or questions about that order to that email.

- **Change your Password.**

This is probably the first thing you will want to do when visiting the site. You can also reset your password on the login page, if you have forgotten it.

- **Manage your designers.**

You can add as many designers as you would like to the account. Adding designers to the account is beneficial for organizing and finding quotes in the *Saved Quotes* Tab.

Ten Year Limited Warranty

All of our cabinets are warranted to the original purchaser for ten years after the purchase date. We guarantee the original purchaser that all parts and components are free from defects in material and workmanship under normal use. (Defects are defined as any imperfection that may prohibit the proper use of the cabinets.) This warranty applies to the original cabinet purchaser only and is non-transferable.

As with other natural materials, wood is affected by environmental factors such as natural and artificial lighting. Darkening or mellowing of the wood can be expected and is a natural process of wood as it ages. Each wood specie also exhibits its own distinctive patterns and characteristics which add to its natural beauty. These variations in color and characteristics are not considered imperfections or defects. This warranty does not cover the natural aging and darkening of wood color nor does it apply to the inherent growth characteristics of wood. Expansion and contraction often due to the climate is normal and to be expected. Painted products especially may exhibit seam lines at the joints. This is not a defect and not a reason for replacement.

This warranty applies only to normal indoor consumer use. Product used for commercial purposes is excluded. Not covered under this warranty are cabinets showing normal wear and tear; cabinets that were improperly stored or installed, improperly assembled or disassembled, intentionally damaged, misused, or exposed to the elements; cabinets that have defects due to excessive moisture, accidents or negligence; and cabinets that have been changed or modified in any way.

This warranty is expressly limited to the repair or replacement of the defective component parts at our discretion. Our liability is expressly limited to the cost of the material for the repair or replacement of defective goods. We may elect to repair or replace the product with a product of equal value and complementary style if the original style is no longer available. Due to the aging process of natural wood, RiverRun Cabinetry cannot guarantee an exact match between the finish of the existing product and its replacement.

In no event are we liable for incidental, indirect, or consequential damages resulting from the use of our cabinets. This warranty does not cover the cost of assembly, installation, removal, subsequent damage or transportation of the defective product regardless of whether the work was performed by a contractor, service company, or consumer.

Some states do not allow limitations on how long an implied warranty may last or the exclusion and/or limitations of incidental and/or consequential damages. Therefore the above limitations may not apply. This warranty allows specific rights that may vary from state to state. Any claims made under this warranty must be presented in writing with a dated sales invoice and accompanied by photographs of defective material.

Full Access Cabinet Line – Limited One Year Warranty

For cabinetry purchased on or after April 1, 2018.

Classic Distribution, Inc. (CDI) warrants that our Cabinets will be free from defect in material and workmanship for a period of one (1) year from the date of purchase (except where required by law to be two (2) years) or as per written agreement (no changes or modifications can be made to this warranty except by an officer of Classic Distribution, Inc.). This warranty is extended to the original purchasing consumer only for normal use of the product within the United States. This warranty is not transferrable.

Warranty Coverage

Limited One Year Warranty on Cabinets (except where required by law to be two (2) years) from the date of original purchase or as per written agreement to the original purchasing consumer that the cabinets will be free from defects in material and workmanship under normal use.

Warranty Limitations and Exclusions

- This Warranty does not apply to (a) damage caused by improper installation, (b) other product used or installed in connection with the cabinets including, but not limited to, appliances, countertops, moulding or plumbing fixtures (including the costs to remove and reinstall such other product), (c) product damage, loss, or theft either after delivery for material only jobs or after installation for installed jobs, or (d) damage caused by abuse or misuse, neglect, accident, alteration, exposure to moisture or extreme temperatures, failure to maintain, acts of God, or normal wear and tear.
- Natural wood characteristics including, but not limited to, variations in color, grain pattern, mineral streaks and knots are not considered defects. Note that color variations may also be affected by age, character of cabinets, and exposure to UV light, sunlight, smoke, household cleaners, and other environmental conditions. As such, new and/or replacement cabinets may not match display samples and/or existing cabinets. Any such variations and changes to RiverRun Cabinetry products, whether present during production or which develop over time, are not considered quality defects and are not covered by this warranty.
- Painted finishes have unique characteristics that differ from standard wood finishes. Various wood species is subject to its environment such as humidity and temperature and may expand or contract due to changes in weather, temperature, or climate. Due to these normal shifts in the environment, painted wood cabinetry may develop hairline cracks, peeling, or separation or seam lines. On select hardwoods and veneers, joints, seams, and some natural characteristics of the wood (including, but not limited to, grain patterns, knots, and mineral streaks) will remain visible through painted finishes. As painted cabinet products age, the finish may mellow or discolor slightly. The degree of change to the original finish color is affected by the products' exposure to natural and artificial light. These natural occurring or conditional variations in our cabinets are not covered by this warranty.
