DESIGNER'S CHECKLIST

River Run Cabinetry

Construction Options

Cabinets with plywood ends are unfinished on the exterior, consider the following solutions for exposed exterior ends:

- Order finished ends
- Apply ¼" veneer skin to hide ¼" reveal. This will allow the ends to age uniformly with the rest of the kitchen and will make it flush.
- Apply decorative door kit. This kit includes ¼" veneer skin and decorative door.

Wood and Finish Characteristics

Review specific details with the Customer:

- Mineral Streaks, Birdseye Dots, Grain Variations
- Color Variations/Darkening
- Finish variations, hairline cracks may develop at frame joints on painted frame.
- Underside of cabinets are natural maple laminate. Use light rail or cabinet panel edge and skin to hide, especially when designing with peninsula wall cabinets.

Organization

Review storage and usage needs with Customer:

- Cooking Solutions:
 - Wall Spice Rack Cabinet
 - Two-Drawer Bases for Cookware
 - Mixer Lift with Solid Wood Shelf
- Storage Solutions:
 - Pegged Dish Organizer
 - 2-Tier Blind Base Pullout
 - Lazy Susans
 - Roll-Out Trays
- Clean-up Center:
 - Base Trashcan
 - Sink Base Drip Trays
 - Tilt-Out Trays

Clearances

- Add fillers between end cabinets and walls
- Allow space between door/winder trim and end cabinets for countertop and top moulding overhang.
- Include refrigerator door hinges in overall refrigerator height when placing cabinets above it.

Maintain a minimum clearance of 3" by pulling blind corners as follows:

- 1 ¼" for full overlay cabinets (More is needed in certain situations such as when adjacent to an appliance or when using oversized pulls or knobs.)
- Allow sufficient clearance (3") on each side of accessory cabinets (such as roll-out trays, etc.) Doors on these cabinets must open fully for accessories to be functional.
- Ensure the height between the cooktop and range hood is 24" to meet NKBA guidelines.

Qualify customer carefully on upper cabinet/microwave advantages/disadvantages as follows:

- Minimum of 18" from cooktop to upper cabinet/above the range microwave which allows for easy access to either, but less room over back burner.
- Minimum of 21" from cooktop to upper cabinet/microwave which allows for access to large pots on back burner of cooktop, but longer reach to microwave.

(continued on next page)

Varying Heights and Depths

- Increase the depth of a wall cabinet run when you increase the height (so moulding on adjacent cabinet will fall into the side of the taller cabinet).
- Skin the sides of tall cabinets to 1.) hide the seam between the toekick pedestal and the cabinet, 2.) keep adjacent base and wall cabinets out from reveal of tall cabinet.
- Add increased depth on tall end panels for a built-in look for deep refrigerators.
- Account for the additional support needed for wall cabinets with a depth of 18" or greater. This can be achieved by installing end panels.

Fillers

- If fillers are needed, place them at the end of a run where they will be less noticeable.
- Attach overlay fillers on top of the base, wall, or tall fillers when using full overlay door style to maintain a consistent reveal. Don't forget to include blind corner fillers.
- Add a filler at least 6" wide to accommodate a decorative overlay when the filler is used as a valance.

NKBA GUIDELINES: KITCHEN PLANNING

RiverRun Cabinetry

Door/Entry

- Door opening should be at least 32" wide, requiring a minimum 2' 10" wide door.

Door Interference

- Entry door should not interfere with safe appliance operation or appliance doors.

Distance Between Work Centers

- With three work centers, the total distance traveled should not be more than 26' with no single leg of the triangle less than 4' or more than 9'
- With more than three work centers, each additional travel distance to another work center should be no less than 4' or more than 9'. Each leg is measured from the center-front of the appliance/sink. No work triangle leg should intersect an island/peninsula by more than 12".

Separating Work Centers

- A tall obstacle should not separate two primary work centers. A properly recessed tall corner unit is acceptable.

Work Triangle Traffic

- Major traffic patterns should not cross through the basic work triangle.

Work Aisle

- The work aisle should be at least 42" for one cook and at least 48" for multiple cooks.

Walkway

- The walkway width should be at least 36".

Traffic Clearance at Seating

- Allow 32" of clearance from the table to wall/obstacle if no traffic passes behind a seated diner. If traffic passes behind the diner, allow at least 36" to edge past or 44" to walk past.

Seating Clearance

- 30" high tables/counters should allow a 24" wide by 18" deep space for each seated diner and at least 18" knee space.
- 36" high counters should allow a 24" wide by 15" deep space for each seated diner and at least 15" kneespace.
- 42" high counters should allow a 24" wide by 12" deep space for each seated diner and at least 12" kneespace.

Clean-Up/Prep Sink Placement

- With only one sink, locate it adjacent to or across from the cooking surface and refrigerator.

Clean-Up/Prep Sink Landing Area

- Include at least a 24" wide landing space on one side of the sink and 18" on the other.
- If all the countertop at the sink is not the same height, plan a 24" landing space on one side of the sink and 3' of countertop frontage on the other, both at the same height of the sink.

Preparation/Work Area

- Include a section of countertop at least 36" wide x 24" deep next to the sink for a work area.

(continued on next page)

Dishwasher Placement

- Nearest edge of dishwasher should be within 36" of nearest edge of sink. Provide at least 21" of standing space between the edge of the dishwasher and countertop frontage/appliances/cabinets which are placed at a right angle to the dishwasher.

Waste Receptacles

- Include at least 2 waste receptacles, one near the sink and the other nearby for recycling.

Auxiliary Sink

- Provide at least 3' of countertop frontage on one side of the auxiliary sink and 18" on the other side, both at the same height as the sink.

Refrigerator Landing Area

- Include at least 15" of landing area on the handle side of the refrigerator, 15" on either side of a side-by-side refrigerator, 15" of landing space which is no more than 48" across from the front of the refrigerator, and 15" above or adjacent to any under-counter style refrigerator.

Cooking Surface Landing Area

- Include a minimum of 12" of landing area on one side of the cooking surface and 15" on the other.
- If cooking surface is at a different countertop height than the rest of the kitchen, then the 12" and 15" landing areas must be the same height as the cooking surface.
- For safety reasons, in an island or peninsula situation, the countertop should extend a minimum of 9" behind the cooking surface if the counter height is the same height as the cooking surface.

Cooking Surface Clearance

- Allow 24" between the cooking surface and a protected noncombustible surface above it.
- At least 30" of clearance is required between the cooking surface and an unprotected/combustible surface above it.
- If a microwave/hood combination is used, then the manufacturer's specifications should be followed.

Cooking Surface Ventilation

- A correctly sized, ducted ventilation system is recommended for all cooking surface appliances. The recommended minimum is 150 CFM.
- Code requires that the manufacturer's specifications be followed. Minimum exhaust rate for a ducted hood is 100 CFM and must be ducted to the outside.
- Make-up air may need to be provided. Refer to local codes.

Cooking Surface Safety

- Do not locate cooking surface under an operable window.
- Window treatments above cooking surface should not use flammable materials.
- Place a fire extinguisher near the kitchen exit away from cooking equipment.

Microwave Oven Placement

- The ideal location for the bottom of the microwave is 3" below the principle user's shoulder, but no more than 54" above the floor.

Microwave Landing Area

- Provide at least 15" above, below, or adjacent to the handle side of a microwave oven.

Oven Landing Area

- Include at least 15" next to or above the oven.
- A 15" landing area that is not more than 48" away is also acceptable as long as the oven does not open into a walkway.

Combining Landing Areas

- If two landing areas are adjacent to one another, determine a new minimum for the two by taking the longer of the two and adding 12"

Countertop Space

- A total of 158" of countertop frontage, 24" deep, with at least 15" clearance above is needed to accommodate all landing, preparation, work, and storage areas.

(continued on next page)

Countertop Edges

- Clipped or round corners, rather than sharp edges, are recommended on all counters.

Storage

- The recommended total shelf/drawer frontage for a small kitchen (less than 150 square feet) is 1400", for a medium kitchen (151 to 350 square feet) is 1700", and for a large kitchen (greater than 350 square feet) is 2000"

Sizes:	S	M	L
Wall	300"	360"	360"
Base	520"	615"	660"
Drawer	360"	400"	525"
Pantry	180"	230"	310"
Misc.	40"	95"	145"

- The totals for wall, base, drawer, and pantry shelf/drawer frontage can be adjusted upward or downward as long as the recommended total stays the same.

Storage at Clean-Up/Prep Sink

- The recommended total for a small kitchen is 400", a medium kitchen is 480", a large kitchen is 560", and should be located within 72" of the centerline of the main clean-up/prep sink.

Corner Cabinet Storage

- At least one corner cabinet should include a functional storage device.

Electrical Receptacles

- GFCI (Ground-Fault-Circuit-Interrupter) protection is required on all receptacles servicing countertop surfaces within the kitchen.

Lighting

- Every work surface should be well illuminated. At least one wall switch-controlled light must be placed at the entrance.
- Window/skylight area, equal to at least 8% of the total square footage of the kitchen, or a total living space which includes a kitchen, is required.

NKBA GUIDELINES: BATHROOM PLANNING

RiverRun Cabinetry

Door/Entry

- Doorway opening should be at least 32", requiring a minimum 2' 10" wide door.

Door Interference

- The door area should include clear floor space for maneuvering which varies according to the type of door and the direction of the approach.

Ceiling Height

- Bathroom floor to ceiling minimum height is 80". A shower or tub with a shower head shall have a minimum floor to ceiling height of 80" above a minimum area 30" x 30" at the shower head.

Clear Space

- Plan a clear space of 30" from the front edge of all fixtures to any opposite bath fixture, wall, or obstacle.
- A minimum space of at least 21" is required in front of a lavatory, toilet, bidet, and tub, with a 24" minimum space in front of a shower entry.

Single Lavatory Placement

- The distance from the centerline of the lavatory to the sidewall/tall obstacle should be at least 20".
- The minimum distance required is 15". The minimum distance required between a wall and the edge of a lavatory is 4".

Double Lavatory Placement

- The distance between the centerlines of two lavatories should be at least 36".
- The minimum distance required is 30".
- The minimum distance required between the edges of two lavatories is 4".

Lavatory/Vanity Height

- The height for a lavatory varies from 32" to 43" to fit the user.

Countertop Edges

- Clipped or round corners, rather than sharp edges, are recommended on all counters.

Shower Size

- The interior shower size should be at least 36" x 36". The minimum interior showersize required is 30" x 30".

Storage

- Provide adequate, accessible storage for toiletries, bath linens, grooming and general bathroom supplies.
- Storage of frequently used items should be 15" to 48" above floor.

Electrical Receptacles

- All GFCI receptacles should be located at electrical appliance points of use.

Load bearing floors and shelves meet KCMA standards of 15 lbs. per square foot. Warranty does not cover overloading beyond this point.

GETTING STARTED

RiverRun Cabinetry

NEW ACCOUNT SET-UP

- Once your dealer application is approved, you will receive an email with instructions for accessing both the **Online Order site** and the **Dealer site**.
- **Note:** These are two different sites. The Dealer site is accessed through the Online Order site.

ONLINE ORDER SITE

Website: *Orders.RiverRunCabinetry.com*

- Use this site to create quotes and submit orders.
- After your account is approved, you'll receive a **Welcome Email** with your **Dealer Code**.
- Before logging in for the first time, click "**Register Here**" and complete the form using your Dealer Code.
- See the **Order Process** section of this binder for more details.

DEALER SITE

Access: Through the Online Order Site – under the "**Dealer Tools**" menu in the top navigation bar.

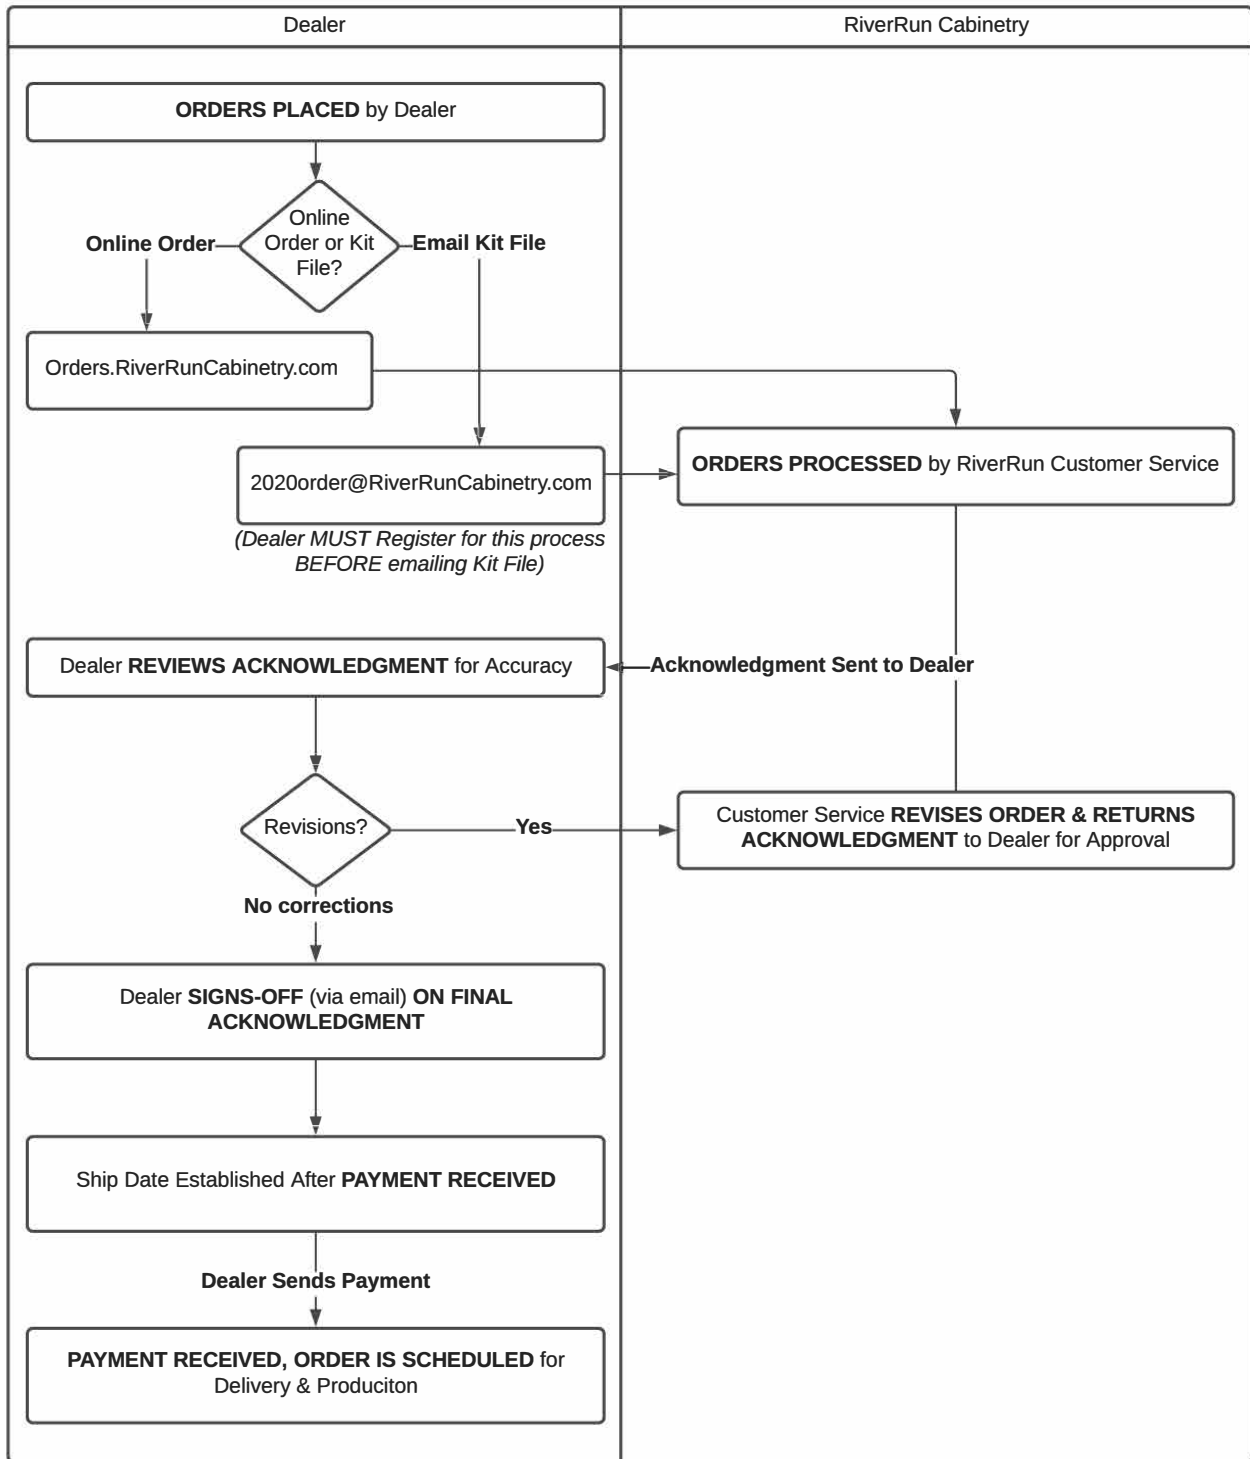

- Use the Dealer site to access:
 - 2020 Design Catalog
 - SpecBook (PDF and online versions)
 - Archived email notifications
 - Current promotions
 - Additional resources

CUSTOMER SERVICE CONTACT INFO:

Phone: 540-438-5973

Email: CustomerService@RiverRunCabinetry.com

STEP-BY-STEP ORDER PROCESS

PLACING ORDERS

RiverRun Cabinetry

ONLINE ORDERING

- Visit: orders.riverruncabinetry.com
- Our Online Order Site was designed to work seamlessly with 2020 Insight, our ERP system, and the 2020 Design software.
- First time users of the new site, **MUST** click “register here” before logging in. Old accounts from the previous site will not work. Your DEALER CODE is needed to complete the registration form. (The Dealer Code was emailed to the dealer when the account was originally set up.) Contact Customer Service if you do not have your Dealer Code.
- A *Quick Start Reference Guide* (PDF), located on the Dealer site and on page GI-7 of this SpecBook. It is a useful tool to guide you through the new Online Order site.

EMAILING 2020 DESIGN (KIT) FILES

- Dealers need to email Carol Swinehart at cswinehart@classicdistribution.us the following information on each person/designer that will be sending 2020 KIT files as RiverRun orders:
 - Name (First and Last)
 - Email address
 - Company Name
- RiverRun staff will set up these contacts to be able to place orders. Dealers will be notified when they are able to place their first order, via their 2020 KIT file.
- Designers must use the most recent RiverRun/2020 Design catalog available. See the Dealer site for the most recent catalog.
- Approved dealers should send 2020 KIT file orders to: 2020order@riverruncabinetry.com

DESIGN SOFTWARE OPTIONS

- 2020 Catalog is available on our Dealer site. Go to the 2020 Catalog link in the main menu for a link to the latest catalog.
- ProKitchen Catalog is available on the ProKitchen website at: <https://www.prokitchensoftware.com/prokitchen-online/conf/riverrun>.

EXPEDITE ORDERS

- Depending on current production demands, RiverRun may not be able to expedite orders during certain periods of the year. Contact Customer Service to see if your order can be expedited.
- There is a 30% upcharge for these orders.

RETURNS & CANCELLATIONS

- Once an order is approved and has not been placed into production there will be a 25% change fee added to the item/items being changed.
- Order cancellations and/or changes will not be accepted after an order has been placed into production.
- Any item with standard modifications or custom cabinets may not be changed once approved.
- Unpaid orders will be canceled after 3 weeks.
- Returns are not accepted.

RETURNED CHECKS POLICY

- Insufficient funds payment returns will incur a \$30 processing fee.

ONLINE ORDER SITE: QUICK START GUIDE

RiverRun Cabinetry

ACCESSING THE SITE

- Visit: orders.riverruncabinetry.com
- First-time users must click “Register Here” at the bottom of the login box.
 - Fill in your name and email address.
 - Use the **Dealer Code** provided to you by RiverRun. A green bar confirms a valid code; a red bar means the code is invalid.
 - Create your own password, then confirm the password.
- If you have registered for the site previously, you can just log in.

STARTING AN ORDER

Once logged in:

- Select Profile & Color Selections (“global options,” located in upper right corner) for your project — these apply to all items in your quote. You must complete this step before adding products.

Accessory	3073-18-11-531	LS Kit 18in FC WH 31 LSH SET (3)	SELECT
Accessory	3073-18-11-536	LS Kit 18in FC WH 36 LSH SET (3)	SELECT

ADDING PRODUCTS

- Use **“Custom Filters”** to type keywords (e.g., “B15”, “rollout”) to search more quickly or **“Filter by Category.”**
- Click **“Select”** next to the desired product.
- Product Pages Include:
 - Product photo (if available)
 - Description and notes
 - Required selections:
 - Finished ends
 - Hinge orientation (for single-door cabinets)
 - Optional: Click **“Custom Modifications”** for available changes.
 - Set quantity and click **“Add to Quote.”**

MANAGING YOUR QUOTE

- Products appear in the **Quote Summary** (left side).
- To review your quote, click **“Current Quote”** at the top.
- Click **“Update Pricing”** to display configured options and pricing.
- A notice may appear for quotes under \$1,500 (typically applies to Cycle Ship orders).
- Grand Total pricing appears in the top left corner of the **Quote Information**.
- Edit or remove items as needed.
- Styles/Global Selection may be changed by clicking the yellow **“Change Style”** button/link.
- Add more products via **“Catalog”** (link at the top)—pricing must be updated again after any change.

Quote Summary		
Product	Code	Qty
Cambridge, MDF, Blue Lagoon, 5 Piece Drawer Front(s), EuroBox		
Base 12 1 Door 1 Drawer	B12	1
Total Items:		1

The screenshot displays the quote management interface. On the left, the 'Quote Information' panel shows a red warning: 'Your quote has been modified. Click update pricing to see current totals.' Below this is an 'Update Pricing' button. The 'Save New Quote' panel includes a dropdown menu with 'Carol Swinehart' selected, a text input for 'New Quote Name', and a 'Save New Quote' button. The main 'Current Quote' panel lists items: 'Cambridge, Blue Lagoon (MDF, 5 Piece Drawer Front(s), EuroBox)' with a yellow 'CHANGE STYLE' button; 'Base 12 1 Door 1 Drawer' (B12, Qty 1) with 'Edit' and 'Remove' buttons; 'Filler 3 x 30' (F330, Qty 1) with 'Edit' and 'Remove' buttons; and 'Base 21 1 Door 1 Drawer' (B21, Qty 1) with 'Edit' and 'Remove' buttons. An 'Update Quantities' button is at the bottom. A red warning at the bottom of the 'Current Quote' panel states: 'You must click Update Pricing before proceeding with checkout.' with an 'Update Pricing' button.

SAVING AND REUSING QUOTES

- Click **“Save New Quote”**, give it a name, and add a name.
- Find saved quotes under the **“Saved Quotes”** page.
- Load a saved quote, update pricing, and proceed or edit.

QUOTE TOOLS

Options available at any time:

- Print Quote (With Pricing) — appears only after pricing is updated
- Print Quote (No Pricing)
- Clear Quote — resets the quote without deleting saved quotes
- Sending a printed quote to Customer Service, helps speed up troubleshooting if issues arise.

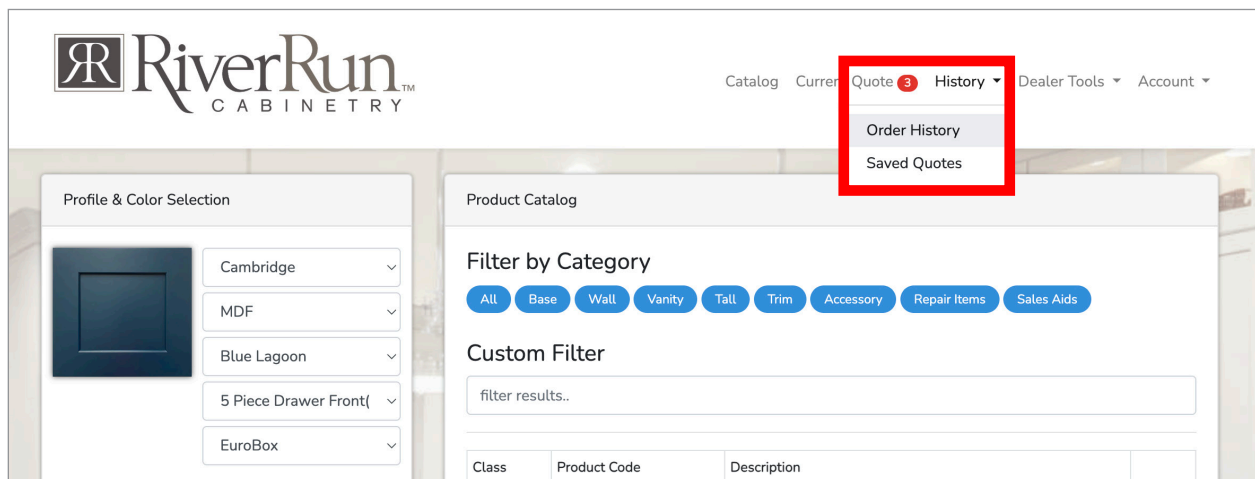

This section shows the 'Save New Quote' form and the 'Quote Tools' section. The 'Save New Quote' form has a dropdown menu with 'Carol Swinehart' selected, a text input for 'New Quote Name', and a blue 'Save New Quote' button. Below this, the 'Quote Tools' section contains three buttons: a blue 'Print Quote' button, a blue 'Print Quote (No Pricing)' button, and a yellow 'Clear Quote' button.

SUBMITTING AN ORDER

- When ready, click **“Checkout”**
- Review and confirm final details
- Click, **“Submit Order”**
- You’ll receive:
 - Web Order Receipt via email, confirming the order was received
 - Sales Order Acknowledgment (with full order details) via email from RiverRun

TRACKING ORDER

- Select **“Order History”** from the menu at the top of the page
- View live status for all orders (This may take a few seconds to load)
- Search by Order Number, PO, Order Date, etc.

ORDER HISTORY COLUMN GUIDE

<u>Column</u>	<u>Description</u>
Order No	RiverRun order number
PO	Your PO number (if entered)
Order Date	Date submitted
Est Ship Week	Projected ship date based on lead time
Sched Ship Date	Confirmed ship date once scheduled
Amount	Total dollar amount
Type	“CUS” = standard order, “WARR” = warranty order
Ship Method	How the order will ship
Status	Refer to key above in system
Order Method	Entry method (online, 2020 file, hand key)

SHIPPING PROGRAM

River Run Cabinetry

CYCLE SHIP PROGRAM

- This program offers our dealers better service with regular scheduled deliveries on our trucks, fewer shipping damages and reduced shipping costs with a landed multiplier. Contact your Sales Rep or Customer Service to see if you qualify for this program. (Certain restrictions apply.)
- The majority of our dealers use this program as long as they meet the following delivery parameters:
 - Dealers will need to be able to receive delivery from a 70' truck (cab + trailer) If not, the order will be delivered to a nearby final-mile warehouse, and the freight company will coordinate delivery to your location. Any additional final-mile delivery charges will be invoiced after delivery.
 - Delivery address must be serviced by the customer to unload cabinets off the back of the trailer
 - Commercial Dock Required OR two people available (when truck arrives) to unload cabinets.
 - For Job site delivery needs, please consult Customer Service for available options.
- Current Cycle Ship Programs include the following areas (subject to change):
 - VMD - VA, MD, DE
 - Northeast - eastern PA, NJ, NY, CT, RI, MA, VT, NH
 - Southeast - NC, SC, GA, FL, AL
 - Prairie - southern WV, KY, TN, IL, southern WI, IA, MO, NE, KS, eastern CO
 - Midwest - MI, OH, western PA
- \$250 additional charge for all deliveries to metro NYC (NY, NJ, LI)
- For orders under \$1,500 an additional \$150 cycle ship fee will be added to your freight costs by Customer Service after the order is placed. (This EXCLUDES items such as Sales Aids and most Trim items, that can be shipped via FedEx.) You can avoid this fee by either adding items to this order or placing another order for delivery at the same time.
- Freight Surcharges may be added to all orders (including pick-up) to cover inbound freight costs

CALCULATING FREIGHT COSTS FOR LTL SHIPMENTS (NON-CYCLE SHIP ORDERS)

- For dealers unable to use our Cycle Ship Programs, a freight grid will be created for you when your account is set up. Freight costs are based on the weight of your order and its destination.
- Customer Service will calculate orders that weigh less than 500 lbs or greater than 3000 lbs.

SHIPPING ADDRESS CHANGES

- Changes to a shipping address after order confirmation will result in possible shipping delays and administrative fees.

REGISTERING NEW SHIP TO LOCATIONS

- Contact Customer Service to set up new Ship To addresses. Please allow at least two business days for new addresses to be approved and set up in your account.
- If you are shipping to a new address that has not yet been approved, Customer Service will calculate the freight costs after you submit the order and will bill freight separately.
- Please notify Customer Service if ship to addresses require any of the following services. (LTL companies may charge higher fees on site, direct to you, if these are not noted prior to delivery.) RiverRun will invoice customers for any accessorial fees incurred at time of shipment. Unpaid fees will result in a block on the account. Customers should address disputed fees directly with LTL companies.
 - Notification of delivery beyond tracking number
 - Lift gate services (required if you do not have two people to unload cabinets off the back of the truck OR a truck height dock)
 - Residential/limited access area

CARRIERS

- Carriers are selected based on the most economical rates. If you wish to choose another carrier, please contact Customer Service.
- Orders will be shipped palletized for LTL shipments only. Be sure to have proper equipment for receiving. This option is not currently available for our Cycle Ship Programs.
- Small items may be shipped via FedEx; however, a damage disclaimer may be required. Please contact Customer Service for details. Single assembled cabinets cannot be shipped via FedEx.

PICK UPS

- Pick up orders are available and must be picked up with 24 hours of the availability date.
- Orders not picked up within the 24 hour time frame are subject to storage and handling fees of \$20 per pallet per day.

SHIPPING EXCLUSIONS

- Items measuring 96" or longer must be picked up from the warehouse or shipped through the Cycle Ship Program. These items are not eligible for shipping via FedEx or LTL.

MISSED DELIVERIES

- Refused orders or missed deliveries will be charged a minimum of \$500 re-delivery fee.

MISSING ITEM(S) FROM DELIVERY/SHIPMENT

- In the event that you have a missing item(s) from a delivery, please notify Customer Service of the missing item(s) using the Warranty & Replacement Form found on the Online Order site, listed in the top menu bar, under "Warranty."
- Missing item(s) must be reported within 15 days of delivery.

DAMAGES & WARRANTIES

River Run Cabinetry

DAMAGE & WARRANTY REPLACEMENT PROGRAM

- In the event that you have a damaged or warranty item, we will take the most expeditious measures to replace the damaged parts.
- Your prompt response to the damage order confirmation request will keep the order moving as quickly as possible. All damages/warranties require approval of order acknowledgement. Orders will not be processed without written approval confirmation.
- Shipping damage must be reported within 15 days.
- Please check the cabinet/parts before installation as we will not replace the case after it has been installed.
- Please review our warranty before submitting a claim.

Process to replace a damaged or warranty cabinet/part:

- 1) Go to the Online Order site.
- 2) Complete the Warranty Form. (The link is located in the top right corner of the menu bar under "Warranty.")
- 3) Include photos of the damage. This information is critical for reimbursement, processing, and development of future preventative measures. Replacement forms must include a photo in order for a replacement to be sent at no charge.
- 4) Do not use, destroy or discard the damaged item. It is required that the item be available for the shipping company to retrieve. We will contact you to arrange for pickup. If the carrier is unable to reclaim the part, you will be charged for the replacement.
- 5) Customer Service will send you an Order Acknowledgment if your warranty claim is approved
- 6) Please respond to that Order Acknowledgment email with an approval or any necessary changes. Orders will not be processed without written approval confirmation.

Five Year Limited Warranty

All our cabinets come with a five-year warranty for the original purchaser starting from the purchase date. We assure the original purchaser that all parts and components are free from defects in material and workmanship under normal use. Defects, in this context, refer to any imperfection that might hinder the proper use of the cabinets. This warranty is exclusive to the original cabinet purchaser and is not transferable.

Wood, like other natural materials, is influenced by environmental factors such as natural and artificial lighting. The darkening or mellowing of wood is a natural aging process. Each wood species has its unique patterns and characteristics that contribute to its natural beauty. These color and characteristic variations are not considered defects. This warranty does not cover the natural aging and darkening of wood color, nor does it apply to the inherent growth characteristics of wood. Color variations and softening due to species, age, cabinet character, and exposure to UV light and sunlight are natural occurrences and not valid reasons for warranty replacements.

Natural variations in wood grain or color may cause your cabinet to not exactly match the original sample or be exactly the same as one another; this is due to the natural characteristics of wood grain and color. Additionally, the characteristic of wood is to expand and contract over time. As such, hairline cracks and/or finish stress lines may become visible on painted or stained mitered doors or wooden joints, and are not considered defects.

Extreme temperatures and humidity levels in homes may cause materials to shrink, swell, or warp (usually more in width than height), and this is beyond the control of RiverRun Cabinetry and is not covered under warranty. Cabinets should not be installed in new constructions until humidity and temperatures are controlled. Warped cabinet doors must be allowed to hang through one seasonal heating cycle before considering replacement under this limited warranty.

- A twist or warp up to ¼" is not considered a defect for warranty replacement. Door sizes have a tolerance of (+ or -) ½".

Products used for commercial purposes are excluded from this warranty. Not covered are cabinets showing normal wear and tear, cabinets improperly stored or installed, improperly assembled or disassembled, intentionally damaged, misused, or exposed to the elements, cabinets with defects due to excessive moisture, accidents, or negligence, and cabinets changed or modified in any way.

RiverRun Cabinetry does not warrant the installation of "stand-alone" or independent cabinets in widths greater than thirty-six inches and depths greater than twelve inches. All cabinets, regardless of design dimension or shape, must be affixed to "studs," permanently fastened to the interior wall, floor, or ceiling joists attached to permanent structures (i.e., interior partition wall or floor). It is important to note that structural modification of a wall cabinet can significantly weaken it, and modifications are not recommended. If a modification is required, the warranty of the cabinet is void, and it is the installer's responsibility to compensate for any loss of strength or support due to the modification.

This warranty is expressly limited to the replacement of defective component parts at our discretion. Our liability is expressly limited to the cost of the material for the replacement of defective goods. We may choose to replace the product with a product of equal value and complementary style if the original style is no longer available. Due to the aging process of natural wood, an exact match between the finish of the existing product and its replacement cannot be guaranteed.

In no event are we liable for incidental, indirect, or consequential damages resulting from the use of our cabinets. This warranty does not cover the cost of installation, removal, subsequent damage, or transportation of the defective product, regardless of whether the work was performed by a contractor, service company, or consumer.

Some states do not allow limitations on how long an implied warranty may last or the exclusion and/or limitations of incidental and/or consequential damages. Therefore, the above limitations may not apply. This warranty provides specific rights that may vary from state to state. Any claims made under this warranty must be presented in writing with a Replacement Form and accompanied by photographs of the defective material.

DEALER AGREEMENT - RESPONSIBILITIES

RiverRun Cabinetry

This document outlines the expectations and responsibilities regarding product care, warranty conditions, and RiverRun Cabinetry policies. By signing below, the dealer agrees to the terms described in the following sections.

1. Delivery Inspection:

- Upon delivery, the dealer must thoroughly inspect all cabinets and products and ensure that qualified personnel are available to unload the truck. Any damages or shortages must be documented on the signed delivery receipt; items not noted on the receipt may not be eligible for replacement. For replacements, the dealer is required to submit the warranty form along with photos of the damage.

2. Minor Repairs and Adjustments:

- The dealer is responsible for addressing any minor damages incurred during shipping. This includes performing necessary touch-ups and final adjustments on doors and drawers. All labor costs associated with warranty services are the responsibility of the dealer.

3. Jobsite Support and Resolution:

- If an issue arises after delivery at a jobsite, the dealer (or a dealer representative) will visit the site to determine an appropriate solution. When on-site service is required, the dealer or their representative must be present at the start of the work to ensure a clear and shared understanding of the required tasks. Once the work is completed, a dealer representative must be present to verify that the work meets the customer's satisfaction.

4. Warranty Claims:

- All damage and warranty claims must be submitted through the **Online Order System Warranty Form** and include photos of the issue. Shipping damage must be reported within **15 days of delivery**. Dealers must inspect cabinets prior to installation and retain any damaged items for carrier inspection if requested. Dealers agree to follow the **Damage & Warranty Replacement Program (GI-13)** and all evaluation procedures outlined in this SpecBook, including the **Door Movement & Warped Door Evaluation procedure (GI-16)**, prior to submitting a claim.

RiverRun Responsibilities Agreement and Acknowledgment

By signing below, the dealer acknowledges they have read, understood, and agree to abide by all policies and responsibilities outlined above. ***This agreement is required for activation as an authorized RiverRun Cabinetry dealer.***

DEALER AGREEMENT - PRODUCT EXPECTATIONS

RiverRun Cabinetry

Warped Doors

- If cabinet doors appear warped after installation due to environmental factors such as high or low humidity, the doors should be left open for 24 hours to acclimate. In cases where the warping is $\frac{1}{4}$ " or less, the doors should cycle through all four seasons before a no-charge replacement is considered.
- In some instances, cabinets may be improperly "force-flexed" (instead of correctly shimmed) to conform to uneven walls or floors. This may cause cabinet boxes to become out of square, making the doors appear warped.
- If a door appears warped, the following evaluation must be performed:
 1. Remove the door from the cabinet and detach all hardware.
 2. Place the door on a completely flat surface (granite or quartz countertop preferred). Alternately press on opposite corners to check if the door rocks or lifts.
 3. If a gap between the door and the surface measures $\frac{1}{4}$ " or greater, a replacement will be considered.

Product Samples

- The dealer is responsible for maintaining current color chips, sample doors, and display materials. Warranty claims will not be honored if selections were made using outdated samples.
- RiverRun Cabinetry will notify all dealers of any color-altering changes. If the dealer has current samples of the product being changed, a no-charge replacement will be provided upon receipt of a written order request from the dealer.

Additional Conditions

RiverRun Cabinetry will not be held responsible for any loss, damage, detention, or delays caused by events beyond reasonable control. This includes, but is not limited to, fire, flood, strikes, embargoes, vehicle accidents, transportation delays, or natural disasters.

RiverRun Cabinetry is not liable for labor costs incurred during the installation of damaged or defective products.

RiverRun Product Expectations Agreement and Acknowledgment

By signing below, the dealer acknowledges they have read, understood, and agree to abide by all policies and responsibilities outlined above. ***This agreement is required for activation as an authorized RiverRun Cabinetry dealer.***

PRODUCT SPECIFICATIONS / NOTES

- RiverRun Cabinetry provides a broad selection of cabinet sizes and accessories.

DOOR CLEARANCE

- As with all full overlay door styles, clearance of doors and drawers must be taken into consideration during the design process to assure proper operation of all doors, drawers and roll out trays.

SINGLE DOOR CABINET HINGING

- Using the Online Order System, please select hinge left or hinge right on single door cabinets.

CABINET SIZES

- Standard wall cabinets are 12" deep unless otherwise specified.
- Standard base cabinets are 34½" tall and 24" deep.
- Standard vanity cabinets are 34½" tall and 21" deep.

TOE KICK MATERIAL

- All cabinets with a toe notch require ¼" x 4½" high, toe kick material. This needs to be ordered in addition to the cabinetry.

In keeping with a policy of continuous refinement, RiverRun Cabinetry reserves the right to alter specifications without general notice or obligation to make similar changes in previously produced product.

STANDARD PRODUCT MATERIALS

CASE

- Standard face frames are traditional construction and are ¾" thick with 1½" stiles and rails made of solid wood.
- End panels are ½" thick plywood. Interiors include a clear coat finish and exteriors have a natural finish, both with option to add a finished skin.
- Shelves are ¾" thick balanced veneer core plywood, sealed with a clear-coat and are adjustable and front edge banded.
- Backs are ½" thick plywood to allow multiple locations for installation. Base cabinet backs extend to the floor providing optimal structural stability.
- Toe kick is recessed 4" and is 4½" high.

DRAWERS, GLIDES & HINGES

- EuroBoxes come standard with ⅝" thick hardwood plywood with drill and dowel construction. Optional upgraded dovetail drawer boxes are also available. (*Current dovetail drawer box pricing is located in the Modification section.*) Both drawer box options are UV clear-coated on all sides.
- Bottoms are fully captured plywood on the EuroBox and the upgraded dovetail box.
- Glides are under mounted full-extension and soft close on both drawer options.
- Integrated soft-close hinges are standard for all door styles.

SLAB/5 PIECE COMBINATION DRAWER OPTIONS

- The combination drawer front selection (COMBO) will be a 5% upgrade on any applicable cabinet, the list is below are all cabinets that will be impacted by this upgrade. Any drawer front that is below the level of the drawer front of a standard base will be upgraded to the five piece. For example, on the 4 drawer base the top drawer will be slab and then every drawer below that will be five piece and on the 2 drawer base both drawer fronts will be five piece.

<u>Product</u>	<u>Example</u>	<u>Description of Combo</u>
Base Microwave	BM30	Only drawer front (bottom of cab) five piece
2 Drawer Base	DBXX-2	Both drawer fronts five piece
3 Drawer Base	DBXX-3	Top drawer front slab, bottom two drawer fronts five piece
4 Drawer Base	DBXX-4	Top drawer front slab, bottom three drawer fronts five piece
Oven Cabinet	OC33XXD	Only drawer front (bottom of cab) five piece
Vanity 3 Drawer Base	VDBXX	Top drawer front slab, bottom two drawer fronts five piece
Vanity 4 Drawer Base	VDB60 (only)	Top drawer front slab, bottom three drawer fronts five piece
Vanity Sink Drawer	VSDLXX/VSDRXX	Top drawer front slab, bottom two drawer fronts five piece

REVEALS

- Wall cabinet doors have a ¼" reveal on bottom and sides. The top reveal is 1" for moulding installation.
- Base cabinet doors have a ¼" reveal on bottom and sides. The top drawer head has a ¼" reveal on the sides and a ½" reveal on the bottom (between the drawer and door).
- All base cabinets have a 1" reveal on top.

FINISH

- Catalyzed conversion varnish top coat with UV protection is applied to doors, drawers and face frames.

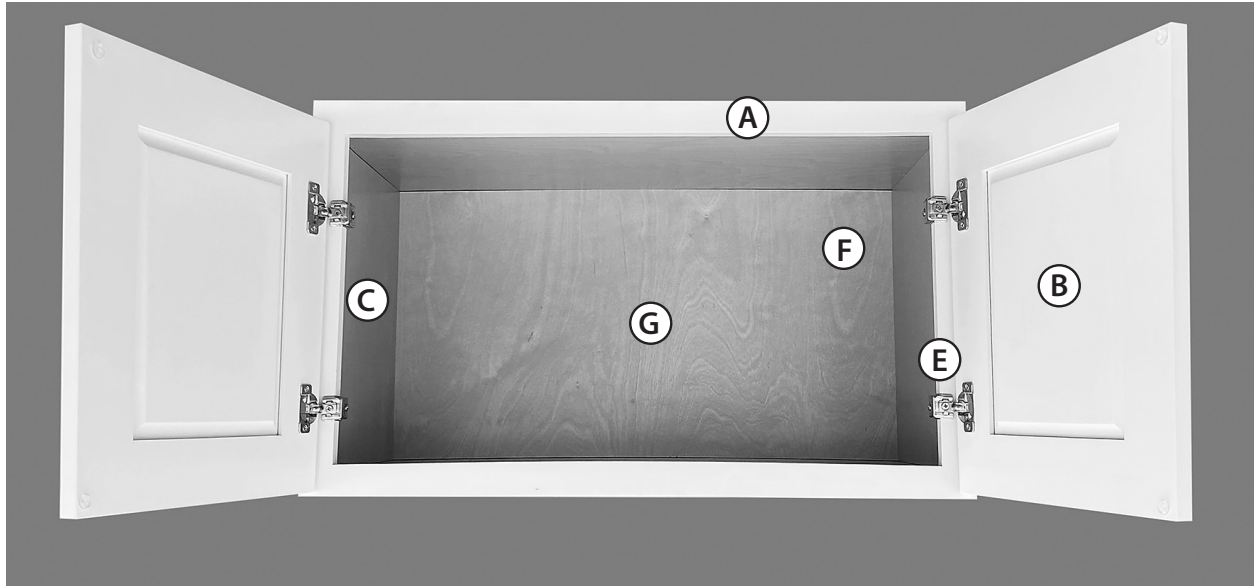

SPECIES/MATERIAL

- Natural Hardwood
- MDF for painted doors, except where noted

WALL CONSTRUCTION

River Run Cabinetry

(A) FACE FRAMES

Constructed from $\frac{3}{4}$ " hardwood. Base and wall frames have $1\frac{1}{2}$ " stiles and rails.

Wall cabinets have a 1" reveal at the top for moulding installation. Bottom and sides have $\frac{1}{4}$ " reveal.

(B) DOORS

Premium full overlay door styles with soft-close door hinges. Stained doors are solid hardwood and painted doors are MDF. (See door specification pages: SF6-8 for details.)

(C) PANELS

Constructed from $\frac{1}{2}$ " plywood with option for finished skins. Ends, tops and bottoms are captured in frame grooves. Backs are captured in end panel grooves.

(D) SHELVES (not shown)

Constructed from $\frac{3}{4}$ " plywood and finished on both sides. Wall shelves are adjustable at $2\frac{1}{2}$ " increments. All secured for shipment with locking shelf clips utilizing $\frac{1}{4}$ " diameter dowel.

(E) HINGES

6-way fully concealed 108° self-closing cup hinges that allow easy height, width, and depth adjustment. Soft-close hinges are standard.

(F) CABINET INTERIOR

Sealed with clear-coat finish. Finished Interior* option may be selected on wall, base and tall cabinets up to 24" deep.

(G) BACKS

For ease of installation, backs are solid $\frac{1}{2}$ " plywood.

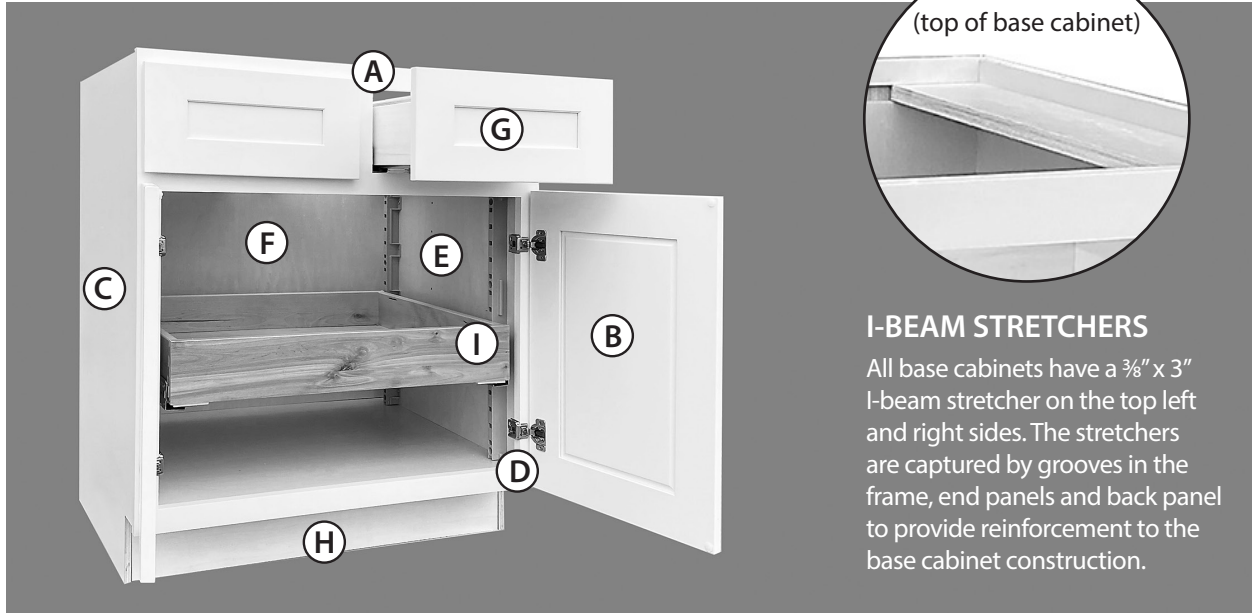

(H*) FINISHED INTERIORS (FI) - optional (not shown)

Cabinet interiors will be finished to match exterior. Shelves in cabinets with Finished Interior option will also be finished to match exterior.

BASE CONSTRUCTION

RiverRun Cabinetry

I-BEAM STRETCHERS

All base cabinets have a $\frac{3}{8}$ " x 3" I-beam stretcher on the top left and right sides. The stretchers are captured by grooves in the frame, end panels and back panel to provide reinforcement to the base cabinet construction.

(A) FACE FRAMES

Constructed from $\frac{3}{4}$ " hardwoods. Base and wall frames have $1\frac{1}{2}$ " stiles and rails. Base cabinets have a 1" reveal at the top. Bottom and sides have $\frac{1}{4}$ " reveal.

(B) DOORS

Premium full overlay door styles with soft-close door hinges. Stained doors are solid hardwood and painted doors are MDF. (See door specification pages: SF6-8 for details.)

(C) PANELS

Constructed from $\frac{1}{2}$ " plywood with option for finished ends. All finished ends are applied $\frac{1}{4}$ " skin. Ends, tops and bottoms are captured in frame grooves. Backs are captured in end panel grooves.

(D) HINGES

6-way fully concealed 108° self-closing cup hinges that allow easy height, width, and depth adjustment are standard.

(E) CABINET INTERIOR

Sealed with clear-coat finish. Finished Interior* option may be selected on wall, base and tall cabinets up to 24" deep.

(F) BACKS

Backs are solid $\frac{1}{2}$ " plywood. Base cabinet backs extend to the floor providing optional structural stability.

(G) DRAWERS

EuroBoxes are $\frac{5}{8}$ " thick hardwood plywood with dowel construction. Option to upgrade to dovetail construction. Both options are clear coated and bottoms are fully captured plywood. Glides are under mount, full extension soft-close.

(H) TOE KICKS

Constructed from $\frac{1}{2}$ " unfinished plywood. They are inset into the cabinet box $3\frac{1}{2}$ " and are $4\frac{1}{2}$ " high. Toe Kick Material (TKS) required to finish the toe kick space.

(I) ROLL OUT TRAY & PILASTER KIT (optional)

EuroBox (standard) or dovetail upgrade option for roll out tray box with undermount glides. Pilasters are installed at each corner of base cabinet (pantries get 2 sets of pilaster kits) with slots for approximate 1" height adjustments.

FINISHING PROGRAM

RiverRun Cabinetry

FINISHING PROGRAM

- Our finishing program has been created so you can order products such as turned posts, furniture feet, corbels etc. from a third party supplier, have it shipped to RiverRun Cabinetry and we will finish it to match your cabinet order and ship to you with your RiverRun Cabinetry order.

FOLLOW THESE STEPS

1. Place your cabinet order with RiverRun Cabinetry
Once you submit your RiverRun order your order will be issued an "Order Number"
2. Purchase your items from a third party supplier that you would like RiverRun to finish. Use your RiverRun Order Number as your purchase order or job name on your order with the third party supplier.
3. Have products shipped to:
RiverRun Cabinetry
ATTN: RiverRun Finish Program
4660 Early Road
Mt Crawford, VA 22841
4. Once we receive your items we will refer to your RiverRun order number and add the item into the finish production schedule with your cabinetry order.

PROGRAM REQUIREMENTS

- RiverRun Cabinetry order must consist of 5 cabinets in addition to the products requesting to be finished.
- Items sent to RiverRun Cabinetry requesting a stained finish MUST be of the same wood species as your RiverRun Cabinetry order.
- Items sent to RiverRun Cabinetry requesting a painted finish must be "Paint Grade"
- If we do not receive your products within ample time for finishing, a delivery fee will be applied such as FedEx charges or RiverRun Cycle Ship minimum charges.
- If items arrive to RiverRun requiring dismantling in order to finish, we will contact you for additional costs and your approval.

FINISH PROGRAM LIST PRICING

Island Legs, Turned Posts, Split Posts up to 5 inches wide and 42 inches long	\$339
Corbels, Shelf Supports up to 5 inches wide and 18 inches tall	\$189
Larger Items such as Wainscot Panels	\$762
Hoods	\$935

Osborne Wood Products Program

RiverRun Cabinetry will finish **paint grade Soft Maple and Oak (for paint)** and **Russian Birch, Maple and Red Oak (for stain)** items to match your RiverRun Cabinets.

Please follow instructions closely.

1. Visit OsborneWood.com and add your selected items to your cart.
2. At Checkout, complete the "Shipping & Billing" address page as shown below:

HOMEOWNER'S WARRANTY REGISTRATION

RiverRun Cabinetry warrants its products to the original purchaser with a five-year warranty against manufacturing defects in materials and workmanship under normal indoor use. This warranty begins on the date of delivery and remains in effect for five years. It is limited solely to the repair or replacement of the defective item, at RiverRun Cabinetry's discretion, and does not cover unfinished products.

Exclusions

- This warranty does not cover defects resulting from:
- Improper installation, handling, storage, modifications, or assembly
- Exposure to extreme conditions, abuse, or negligence
- Use of the product for any purpose other than its intended use
- Normal wear and tear

Additionally, the warranty covers only the defective parts and does not include costs associated with installation, removal, or transportation.

Natural Variations

Due to the natural aging of wood, color and grain variations may occur over time. Although RiverRun Cabinetry takes measures to minimize these effects, any changes in color or pattern due to natural aging are considered normal and are not covered under this warranty.

Design and Specification Changes

RiverRun Cabinetry reserves the right to modify designs, specifications, and materials without obligation to maintain consistency with previously manufactured products. If a warranty claim is made for a style or product that is no longer available, RiverRun Cabinetry may substitute it with a similar product. Please note that the finish of the replacement component may not exactly match the original due to natural aging.

Limitation of Liability

This limited warranty replaces all other expressed or implied warranties and constitutes RiverRun Cabinetry's entire liability and the exclusive remedy for any breach. RiverRun Cabinetry shall not be liable for incidental or consequential damages. Some states do not allow the exclusion or limitation of such damages, so this limitation may not apply to you.

Register Your Warranty

Please scan the code to register your five-year RiverRun Cabinetry warranty.

If you are unable to scan the QR code, please contact
Customer Service at 540-438-5973
